

Greetings NBCC Members, The holidays are coming but there is still time for a couple of great club events! Also, **What a great car show!** Thanks to all who supported, volunteered and participated, it is our premier event of the year. Our experience last year helped us improve the show and we have the TBCH reserved for 2019.

Pictures from the show are available for download for a limited time.

- Thanks to Tony Willett for these pictures, he will also make prints. (Big File) Contact: Tony Willett

Note: As previously mentioned the traditional Christmas Party will be combined with annual meeting at the end of January 2019. This is due to the growth in size of our club and the success of Carl George's garage not being able to host our group. We want to thank Carl and Michael Mitchell for all the great memories! More information on the January event will be in the January update.
